Mr. Devendra M. Pise, President YEES, Kurkheda

Dr. Sachin B. Dudhe, Principal, M.I.P.B., Betala

Ref. No. :- MIPB/4643/2023-24/7.2.1/217

Date :-28/11/2024

**\* INSTITUTE CODE DTE 4643, PCI 3122, UNIVERSITY P253, MSBTE 1987 \***

## 7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual

### Proctorial system:

The institute's proctorial system follows a standardized procedure. Depending on their department, the admitted students will be assigned to a section. A group of pupils is assigned a mentor. Every mentor has a tutor card with their academic and personal records on it. Mentors can use this information to determine if a student is a slow or fast learner. The mentors hold parent-teacher conferences on a regular basis to update the parents on the children's progress. Digital media is used for communication, and there is frequent contact.

### Objectives:

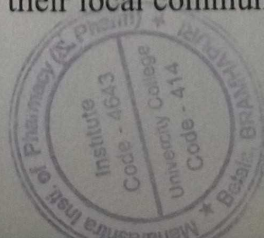

- To encourage a positive teacher-student relationship.
- To assist students in achieving their goals by supporting their academic and personal growth.
- To track the students' overall development throughout their time in the department.
- To determine the students' career pathways and provide them with placement-perceptive guidance.

### Campus to community:

This program's primary goal is to help students improve their faith in national integration, leadership skills, democratic attitude, social and civil responsibility, and ability to handle catastrophes and national disasters. By teaching the rural populace about pollution and public health, traffic control, and social concerns that are vital to the welfare of society, the student volunteers are actively engaged in assisting the community.

### Objectives:

- Providing students lots of chances to apply what they've learned to service Campus to Community, aims to effectively share knowledge in order to support national development.
- Encourage harmony, cultivate tolerance, and instil ideals in young people.
- To instil a sense of independence by service.
- To provide educational opportunities to children from various backgrounds and rural locations, fostering an awareness of their local community.
